

February 21, 1986 LB 816, 820, 910

CLERK: 26 ayes, 4 nays, Mr. President, on the motion to advance the bill.

PRESIDENT: The bill is advanced. The Speaker would like to have most all of you as possible stay here as long as you can to move along and take care of these consent bills. The bill is advanced and we move to LB 910.

CLERK: 910 is a bill by Senator DeCamp. (Read title.) Read in January of this year, referred to Banking, advanced to General File. There are committee amendments.

PRESIDENT: Senator Pappas.

SENATOR PAPPAS: Mr. President and colleagues, 910 simply puts clarification language into last year's LB 653 that allows the Department of Banking to audit holding companies but we failed to put clarification for how much they charge or assess the holding companies for doing the auditing and that is basically the committee amendment, puts some clarification language in and the bill itself, all it does is clarify how much and how they charge. There is no fiscal impact. I ask for the adoption of the committee amendments.

PRESIDENT: Is there discussion of the Banking Committee amendments? If not, all those in favor of adopting them vote aye, opposed vote nay. Please record your vote on the adoption of the committee amendments. Have you all voted? Record the vote, Mr. Clerk.
